

Delivering Same-Sex Accommodation
Declaration of Compliance
for
Airedale NHS Foundation Trust

Airedale NHS Foundation Trust is pleased to confirm that we are compliant with the Government's requirement to eliminate mixed-sex accommodation, except when it is in the patient's overall best interest, or reflects their personal choice.

We have the necessary facilities, resources and culture to ensure that patients who are admitted to our hospitals will only share the room where they sleep with members of the same sex, and same-sex toilets and bathrooms will be close to their bed area.

Sharing with members of the opposite sex will only happen when clinically necessary (for example where patients need specialist equipment such as ventilators within Intensive Care Units (ICU), or when patients actively choose to share (for instance within the Children's Unit, teenagers may prefer to be with their own age group rather than younger children of the same gender).

If our care should fall short of the required standard, we will report it. We will also set up an audit mechanism to make sure that we do not misclassify any of our reports.

We will publish these audit results on the *Privacy and Dignity* section of our web site.
