Would love to attend future training :) thanks for a brilliant training session

This has made working with children who stammer less daunting! I already have lots of ideas of how to support the child, school and parents now, thanks!

To register your interest in attending, please contact Steph Burgess at airedale.stammeringtherapy@nhs.net

This was easily the best training I've accessed. Definitely feeling more motivated and confident following this - thank you.

Introduction to working with young children who stammer
9.00-12.30, 24 September 2021

This course is aimed at getting started if you have little or no experience with young children who stammer or would like a refresher. Understand what a pathway for working with young children who stammer might look like. Know where to look for useful information and resources. Learn how to reassure and empower parents/carers to help their child.

Working with children who stammer – direct approaches
9.00-12.30, 26 February & 29 October 2021

This is a follow-up to the Introduction course. Learn more about working directly with children, both individually and in groups, building confidence and resilience and empowering children to manage their own stammering.

Working with parents and teachers
9.00-12.30, 26 March & 26 November 2021

This is a follow-up to the introduction course. Learn how to run parent workshops and provide support and advice to nurseries and schools, including delivering training to teachers.

Working with teenagers who stammer
9.00-16.00, 20 May 2021

This course will increase your understanding in working with young people of secondary school age, including fluency strategies and psychological approaches, helping to manage difficult thoughts and feelings associated with stammering, increasing participation and reducing avoidance.

Working with adults who stammer
9.00-16.00, 24 June 2021

This course will provide an introduction to therapy with adults who stammer, which aims to provide long-term management strategies through psychological approaches, explaining stammering and demystifying the mechanics of speech and fluency techniques.

Supervision

We are able to offer individual or group supervision sessions to discuss cases or wider stammering service delivery issues. Please contact us for details.

All courses include practical resources and are delivery-led, allowing you to incorporate the learning into your own practice.
