

Advice for patients who have been discharged following a hip injury

Your x-ray today did not show a fracture and you have passed a mobility assessment, so you have been discharged from the Emergency Department.

If you develop, or continue to experience, any of the following symptoms after a further 5 days you may need further Xrays or a scan. Please return to the Emergency Department or contact your General Practitioner:

- **Difficulty in weight bearing or walking**
- **Continuing pain at the hip**
- **Increased pain on sitting or standing**
- **Pain extending down the thigh to the knee**

For further advice please contact:

- Emergency Department 01535 294481
- NHS 111 111, or 111.nhs.uk
- Your GP

By telephoning, we can ensure you get appropriate advice and do not wait unnecessarily in the Emergency Department.

Are you a victim of Domestic Violence? For confidential advice, contact:

Bradford	0808 2800 999	https://www.stayingput.uk.net/contact
North Yorkshire	03000 110 110	https://www.idas.org.uk/
Lancashire	0300 323 0085	https://www.lancashire.gov.uk/health-and-social-care/your-health-and-wellbeing/domestic-abuse/

If you require this leaflet in other languages or formats please telephone the Patient Advice and Liaison Service (PALS) on 01535 294019
