Foreword

Within the Terms of Authorisation issued by NHS Improvement, the Independent Regulator, NHS Foundation Trusts are required to demonstrate appropriate arrangements to provide comprehensive governance arrangements in accordance with the Health and Social Care (Community Health and Standards) Act 2003.

Standing Orders (SOs) regulate the proceedings and business of the Trust and are part of its corporate governance arrangements. In addition, as part of accepted Codes of Conduct and Accountability arrangements, boards are expected to adopt schedules of reservation of powers and delegation of powers. These schedules are incorporated within the Trust's *Scheme of Delegation*.

These documents, together with Standing Financial Instructions, Trust's Constitution, Standards of Business Conduct, Budgetary Control Procedures, the Fraud and Corruption Policy, procedure for the Declaration of Interests and the Trust's Constitution provide a regulatory framework for the business conduct of the Trust. They fulfil the dual role of protecting the Trust's interests and protecting staff from possible accusation that they have acted less than properly.

The Standing Orders, Scheme of Delegation, Standing Financial Instructions and Budgetary Control Procedures provide a comprehensive business framework that is to be applied to all activities, including those of the Charitable Foundation. Members of the Board of Directors and all members of staff should be aware of the existence of and work to these documents.

Introduction

Statutory Framework

Airedale NHS Foundation Trust (the Trust) is a statutory body, which came into existence on 1st June 2010 pursuant to authorisation of NHS Improvement (previously named as Monitor) under the Health and Social Care (Community Health and Standards) Act 2008 ("the 2008 Act").

The principal place of business of the Trust is:

Airedale General Hospital
Skipton Road
Steeton
Keighley
West Yorkshire
BD20 6TD

For administrative purposes, Airedale General Hospital is the Trust Headquarters.

NHS Foundation Trusts are governed by the National Health Service Act 1977 (NHS Act 1977), the National Health Service and Community Care Act 1990 (NHS & CC Act 1990) as amended by the Health Authorities Act 1995, the Health Act 1999, the Health and Social Care Act 2001 and 2003 and the Health and Social Care Act 2012.

The functions of the Trust are conferred by this legislation and the authorisation.

As a statutory body, the Trust has specified powers to contract in its own name.

The Trust also has statutory powers under Section 28A of the NHS Act 1977, as amended by the Health Act 2006, to fund projects jointly planned with local authorities, voluntary organisations and other bodies.

The Code of Accountability requires the Trust to adopt Standing Orders for the regulation of its proceedings and business. The Trust must also adopt Standing Financial Instructions (SFIs) as an integral part of Standing Orders setting out the responsibilities of individuals.

NHS Framework

The Code of Accountability and Code of Governance requires that, inter alia, Boards of Directors draw up a schedule of decisions reserved to that Board, and ensure that management arrangements are in place to enable responsibility to be clearly delegated appropriately.

The Code(s) also requires the establishment of an Audit Committee and a Remuneration Committee, with formally agreed terms of reference. The Code of Conduct requires a register of possible conflicts of interest of members of both the Board of Directors and the Council of Governors and how those possible conflicts are addressed.

The 'Code of Practice on Openness in the NHS' sets out the requirements for public access to information on the NHS, subject for example, to the Freedom of Information Act 2000.

Delegation of Powers

The Trust has powers to delegate and make arrangements for delegation. These Standing Orders set out the detail of these arrangements.

Under the Standing Order relating to the Arrangements for the Exercise of Functions (SO5), the Trust is given powers to "make arrangements for the exercise, on behalf of the Trust of any of their

functions by a Trust committee, sub-committee or joint committee appointed by virtue of Standing Order 6 or by an officer of the Trust, in each case subject to such restrictions and conditions as the Trust thinks fit or in accordance with the Constitution and the terms of the authorisation.

Delegated powers are covered in Annex A Scheme of Delegation and financial delegation as defined in the Standing Financial Instructions and Scheme of Delegation. These documents have effect as if incorporated into the Standing Orders.

Integrated Governance

Foundation Trust Boards are encouraged to move away from silo governance and develop integrated governance that will lead to good governance and ensure that decision making is informed by intelligent information covering the full range of corporate, financial, clinical, information and research governance. The Board uses its committee structures to support in implementing a model of integrated governance.

Collaboration across the WYAAT Service Area

To support the implementation of the Sustainable Transformation Plans (STPs), acute providers are required by NHS Improvement to plan, commission and deliver efficient and sustainable health care services for patients across the WYAAT service area. Therefore the following Trusts:

- Airedale NHS Foundation Trust
- Bradford Teaching Hospitals NHS Foundation Trust
- Calderdale and Huddersfield NHS Foundation Trust
- Harrogate NHS Foundation Trust
- Leeds Teaching Hospital NHS Trust
- Mid Yorkshire NHS Trust

Will collaborate to oversee a comprehensive system wide programme to deliver the objective of acute provider transformation. Collectively they will share obligations agreed by all Parties, set out in an Memorandum of Understanding and hold each other to account via a Committee in Common, in which all Parties have agreed.

Details of any such interest shall be recorded in the register of the interests of directors.

A material interest in a matter is where a director:

- has any interest in an organisation providing health and social care services to the National Health Service; or
- holds a position of authority in a charity or voluntary organisation in the field of health and social care;

and such organisation is, in connection with the matter, trading with the Trust or entering into a financial arrangement with the Trust, or is likely to be considered as a potential contractor to the Trust.

3. Meetings of the Board of Directors

3.1 Admission of the Public and Press

The public and representatives of the press shall be afforded facilities to attend all formal meetings of the Board of Directors but shall be required to withdraw upon the Board resolving as follows:

'That representatives of the press and other members of the public be excluded from the remainder of the meeting having regard to the confidential nature of the business to be transacted, publicity on which would be prejudicial to the public interest' (Section 1 (2) Public Bodies (Admission to Meetings) Act 1960).'

The Chair shall give such direction as seen fit in regard to the arrangements for meetings and accommodation of the public and representatives of the press such as to ensure that the Board's business shall be conducted without interruption and disruption and, without prejudice to the power to exclude on the grounds of the confidential nature of the business to be transacted, the public will be required to withdraw upon the Board resolving as follows:

'That in the interests of public order the meeting adjourn for (the period to be specified) to enable the Board to complete business without the presence of the public' (Section 1(8) Public Bodies (Admission to Meetings) Act 1960).

Matters to be dealt with by the Board following the exclusion of representatives of the press, and other members of the public, as provided above, shall be confidential to the members of the Board.

Members and Officers or any employee of the Trust in attendance shall not reveal or disclose the contents of papers marked 'in confidence' or minutes and papers headed 'private' outside of the Trust, without the express permission of the Trust. This prohibition shall apply equally to the content of any discussion during the Board meeting which may take place on such reports or papers.

Nothing in these Standing Orders shall require the Board to allow members of the public or representatives of the press to record proceedings in any manner whatsoever, other than writing, or to make any oral report of proceedings as they take place without the prior agreement of the Board.

3.2 Observers at Board Meetings

The Board of Directors will decide what arrangements and terms and conditions it feels are appropriate to offer in extending an invitation to observers to attend and address any of the Trust's Board meetings, and will change, alter or vary these terms and conditions as it deems fit.

3.3 Calling Meetings

Ordinary meetings of the Board of Directors shall be held at such times and places as the Board may determine.

The Board of Directors shall meet sufficiently regularly to discharge its duties effectively.

Meetings of the Board of Directors may be called by the Secretary, or by the Chair. Meetings of the Board of Directors may also be called by at least one-third of directors who give written

notice to the Secretary specifying the business to be carried out. The Secretary should send a written notice to all directors within seven days after receipt of such a request. If the Chair, or Secretary, refuses to call a meeting following a requisition, then one-third or more Directors may call a meeting.

Meetings of the Board of Directors shall be open to the public. The Board may resolve to exclude members of the public whenever publicity would be prejudicial to the public interest by reason of the confidential nature of the business to be transacted or for other special reasons. When determining whether members of the public shall be so excluded, the Board shall consider the provisions of the Public Bodies (Admission to Meetings) Act 1960.

3.4 Notice of Meetings

Save in the case of emergencies or the need to conduct urgent business, the Secretary shall give to all directors at least seven days' written notice of the date and place of every meeting of the Board of Directors.

Before each meeting of the Board of Directors, a notice of the meeting, specifying the business proposed to be transacted at it, shall be delivered to every director, or sent electronically or by post to the agreed address of such director, so as to be available at least three clear days before the meeting.

A notice shall be presumed to have been served one day after posting. Lack of service of the notice on any director shall not affect the validity of a meeting.

In the case of a meeting called by directors in default of the Chair, those directors shall sign the notice and no business shall be transacted at the meeting other than that specified in the notice.

Agendas will be sent to directors no less than three clear days before the meeting and supporting papers shall accompany the agenda, save in emergency.

3.5 Setting the Agenda

The Board of Directors may determine that certain matters shall appear on every agenda for a meeting. (Such matters may be identified within these Standing Orders or following subsequent resolution shall be listed in an Appendix to the Standing Orders.)

A director who requires an item to be included on the agenda should advise the Secretary of the Board prior to the agenda being agreed with the Chair and no less than 7 days before a meeting.

When a petition has been received by the Trust, the Chair shall include the petition as an item for the agenda of the next Board of Directors meeting.

3.6 Chair of Meeting

At any meeting of the Board of Directors the Chair, if present, shall preside. If the Chair is absent the Deputy Chair shall preside. If the Chair and Deputy Chair are absent such Non-Executive Director as the directors present shall choose shall preside.

If the Chair is absent from a meeting temporarily on the grounds of a declared conflict of interest the Deputy Chair, if present, shall preside. If the Chair and Deputy Chair are absent, or are disqualified from participating, such Non-Executive Director as the directors present shall choose shall preside.

3.7 Annual Members Meeting

The Trust will publicise and hold an annual members meeting, in accordance with the terms of the Constitution.

3.8 Notices of Motion

A director wishing to move or amend a motion should advise the Secretary of the Board prior to the agenda being agreed with the Chair and no less than 7 clear days before a meeting. This paragraph shall not prevent any motion being moved during the meeting, without notice on any business mentioned on the agenda.

3.9 Emergency Motion

Subject to the agreement of the Chair, and subject to the provision of SO 3.8, a director of the Board may give written notice of an emergency motion after the issue of the notice of meeting and agenda up to one hour before the time fixed for the meeting. The notice shall state the grounds of urgency. If in order, it shall be declared to the Board at the commencement of the business of the meeting as an additional item included in the agenda. The Chair's decision is final.

3.10 Withdrawal of Motion or Amendments

A motion or amendment once moved and seconded may be withdrawn by the proposer with the concurrence of the seconder and the consent of the Chair.

3.11 Motion to Rescind a Resolution

Notice of motion to amend or rescind any resolution (or the general substance of any resolution) which has been passed within the preceding 6 calendar months shall bear the signature of the director who gives it and also the signature of 4 other directors. When any such motion has been disposed of by the Board of Directors, it shall not be competent for any director other than the Chair to propose a motion to the same effect within 6 months; however the Chair may do so if he/she considers it appropriate.

3.12 Motions

The mover of a motion shall have a right of reply at the close of any discussion on the motion or any amendment thereto.

When a motion is under discussion or immediately prior to discussion it shall be open to a director to move:

- An amendment to the motion.
- The adjournment of the discussion or the meeting.
- That the meeting proceed to the next business.
- The appointment of an ad hoc committee to deal with a specific item of business.
- That the motion be now put.
- A motion under Section 1 (2) of the Public Bodies (Admission to Meetings) Act 1960 resolving to exclude the public (including the press).

No amendment to the motion shall be admitted if, in the opinion of the Chair of the meeting, the amendment negates the substance of the motion.

3.13 Chair's Ruling

Statements of directors made at meetings of the Board of Directors shall be relevant to the matter under discussion at the material time and the decision of the Chair of the meeting on questions of order, relevancy, regularity, and any other matters shall be observed at the meeting.

3.14 Voting

Every question put to a vote at a meeting shall be determined by a majority of the votes of the Chair of the meeting and directors present and voting on the question and, in the case of the number of votes for and against a motion being equal, the Chair of the meeting shall have a second or casting vote.

All questions put to the vote shall, at the discretion of the Chair of the meeting, be determined by oral expression or by a show of hands. A paper ballot may also be used if a majority of the directors present so request.

If at least four of the directors present so request, the voting (other than by paper ballot) on any question may be recorded to show how each director present voted or abstained.

If a director so requests, his/her vote shall be recorded by name upon any vote (other than by paper ballot).

In no circumstances may an absent director vote by proxy. Absence is defined as being absent at the time of the vote. .

Any member of the Board of Directors who is not able to be present in person may participate in a Board of Director's meeting by means of conference telephone or any other electronic means, which allows all persons participating in the meeting to hear each other. A director so participating shall be deemed to be present in person at such meeting and shall be entitled to vote and counted in the quorum. Such a Board of Directors meeting shall be deemed to take place where the largest group of those participating is assembled or, if there is no such group, where the Chair is located.

An officer who has been appointed formally by the Board of Directors to act up for an Executive Director during a period of incapacity or temporarily to fill an Executive Director vacancy, shall be entitled to exercise the voting rights of the Executive Director. An officer attending to represent an Executive Director during a period of incapacity or temporary absence without formal acting up status may not exercise the voting rights of the Executive Director. An officer's status when attending a meeting shall be recorded in the minutes.

The Associate Directors on the Board of Directors will have no formal voting rights on a decision nor the personal accountabilities associated with full Board membership.

No resolution shall be passed if it is opposed by all the Non-Executive Directors present or by all of the Executive Directors present.

3.15 Minutes

The Minutes of the proceedings of a meeting shall be drawn up and submitted for agreement at the next ensuing meeting where they will be signed by the person presiding at it.

No discussion shall take place upon the minutes except upon their accuracy or where the Chair considers discussion appropriate. Any amendment to the minutes shall be agreed and recorded at the next meeting.

Minutes shall be circulated in accordance with Directors' wishes. Where providing a record of the meeting, a set of notes from the meeting shall be made available to the public (required by Code of Practice on Openness in the NHS and the Freedom of Information Act) and circulated to the Council of Governors. A record of items discussed in private will be maintained and approved by the Board of Directors.

3.16 Written Resolutions

The Chair, or four (4) directors (including at least one Executive Director and one Non-Executive Director) who give written notice to the Secretary specifying the business to be carried out may propose a Board of Directors' written resolution.

A Board of Directors' written resolution is proposed by giving written notice of the proposed resolution to each director. Notice by post, delivery in person, fax or email shall constitute written notice.

Notice of a proposed Board of Directors' written resolution must dictate:

- The proposed resolution;
- How to signify agreement to the resolution; and
- The date by which it is proposed that the Board of Directors should adopt it. A proposed written resolution shall lapse if not adopted by the 28th day of circulation.

The resolution is deemed to have been passed when the required majority have signified their agreement to it.

3.17 Joint Directors

Where the office of a member of the Board is shared jointly by more than one person:

- (i) either or both of those persons may attend or take part in meetings of the Board,
- (ii) if both are present at a meeting they should cast one vote if they agree,
- (iii) in the case of disagreement, no vote should be cast,
- (iv) the presence of either or both of those persons should count as the presence of one person for the purposes of SO 3.21 Quorum)

3.18 Suspension of Standing Orders

Except where this would contravene any statutory provision or any provision of the authorisation or of the constitution, any one or more of the Standing Orders may be suspended at any meeting, provided that at least two-thirds of the Board of Directors are present, including two Executive Directors and two Non-Executive Directors, and that a majority of those present vote in favour of suspension.

A decision to suspend Standing Orders shall be recorded in the minutes of the meeting.

A separate record of matters discussed during the suspension of Standing Orders shall be made and shall be available to the directors.

No formal business may be transacted while Standing Orders are suspended.

The Audit Committee shall review every decision to suspend Standing Orders.

3.19 Variation and Amendment of Standing Orders

These Standing Orders shall be amended only if:

- a notice of motion under Standing Order 3.8 has been given; and
- no fewer than half of the Trust's total Non-Executive Directors in post vote in favour of amendment; and
- at least two-thirds of the Directors are present; and

- the variation proposed does not contravene a statutory provision or provision of the authorisation or of the Constitution.

3.20 Record of Attendance

The names of the Chair and directors present at the meeting shall be recorded in the minutes. The Secretary shall keep and maintain a record of the number of meetings of the Board of Directors and the attendance of individual directors. The Board of Directors may agree that its members can participate in its meetings by telephone, video or computer link in accordance with the Constitution. Participation where agreed shall be deemed to constitute presence in person at the meeting.

3.21 Quorum

No business shall be transacted at a meeting of the Board of Directors unless at least one-third of the members of the whole number of the Directors are present (including two Executive Directors and two Non-Executive Directors), one of whom is the Chair or Deputy Chair and as such has a casting vote.

An officer in attendance for an Executive Director but without formal acting up status may not count towards the quorum.

If the Chair or director has been disqualified from participating in the discussion on any matter and/or from voting on any resolution by reason of the declaration of a conflict of interest (see SO 7 and 9) they shall no longer count towards the quorum. If a quorum is then not available for the discussion and/or the passing of a resolution on any matter, that matter may not be discussed further or voted upon at that meeting. Such a position shall be recorded in the minutes of the meeting. The meeting must then proceed to the next business. The above requirement for two Executive Directors to form part of the quorum shall not apply where the Executive Directors are excluded from a meeting.

3.22 Frequency

The Trust shall hold meetings of the Board of Directors at least five times in each calendar year.

3.23 Petition

Where a petition has been received by the Trust, the Chairman of the Board of Directors shall include the petition as an agenda item for the next Board meeting.

4. Meetings of the Council of Governors

4.1 Admission of the Public and Press

The public and representatives of the press shall be afforded facilities to attend all formal meetings of the Council of Governors but shall be required to withdraw upon the Governors resolving as follows:

'That representatives of the press and other members of the public be excluded from the remainder of this meeting having regard to the confidential nature of the business to be transacted, publicity on which would be prejudicial to the public interest' (Section 1(2) Public Bodies (Admission to Meetings) Act 1960.'

The Chair (or Deputy Chair) shall give such directions as he/she thinks fit in regard to the arrangements for meetings and accommodation of the public and representatives of the press such as to ensure that the Council of Governors business shall be conducted without interruption and disruption and, without prejudice to the power to exclude on grounds of the confidential nature of the business to be transacted, the public will be required to withdraw upon the Council of Governors resolving as follows:

'That in the interests of public order the meeting adjourn for (the period to be specified) to enable the Governors to complete business without the presence of the public' (Section 1(8) Public Bodies (Admission to Meetings) Act 1960.'

Nothing in these Standing Orders shall permit the Council of Governors to allow members of the public or representatives of the press to record proceedings in any manner whatsoever, other than writing, or to make any oral report of proceedings as they take place without the prior agreement of the Board.

4.2 Calling Meetings

General Meetings of the Council of Governors shall be held at such times and places as the Council of Governors may determine.

4.3 Notice of Meetings

Before each meeting of the Council of Governors, a notice of the meeting, specifying the business proposed to be transacted by it, shall be delivered to every Governor, or sent by post to the usual residence of such Governor, so as to be available to him/her at least three clear days before the meeting.

Lack of service of the notice on any Governor shall not affect the validity of the meeting.

Meetings of the Council of Governors may be called by the Secretary, or by the Chair.

Meetings of the Council of Governors may also be called by seven Governors (including at least one elected Governor and one appointed Governors) who give written notice to the Secretary specifying the business to be carried out. The Secretary shall send out a written notice to all Governors as soon as possible after receipt of such a request.

Agendas will be sent to Governors three clear days before the meeting and supporting papers, whenever possible, shall accompany the agenda, save in an emergency.

A notice shall be presumed to have been served one day after posting.

Notice of the Council of Governors meetings will be made public by whatever communication method the Trust determines.

All decisions taken in good faith at a meeting of the Council of Governors or of any committee shall be valid even if it is discovered subsequently that there was a defect in the calling of the meeting, or the appointment of the governors attending the meeting.

4.4 Chair of Meeting

At any meeting of the Council of Governors, the Chair, if present, shall preside. If the Chair is absent from the meeting, the Deputy Chair, if present, shall preside. If the Chair and Deputy Chair are absent, one of the other Non-Executive Directors will be nominated by the Council of Governors to preside.

If the person presiding at the meeting of the Council of Governors has a conflict of interest in relation to the business being discussed, the Deputy Chair (or nominated Chair) will chair that part of the meeting.

4.5 Notices of Motion

A Governor desiring to move or amend a motion shall send a written notice thereof at least 10 clear days before the meeting to the Secretary, who shall insert in the agenda for the meeting all notices so received subject to the notice being permissible under the appropriate regulations. This paragraph shall not prevent any motion being moved during the meeting, without notice on any business mentioned in the agenda.

4.6 Withdrawal of Motion or Amendments

A motion or amendment once moved and seconded may be withdrawn by the proposer with the concurrence of the seconder and the consent of the Chair.

4.7 Motions

The mover of a motion shall have a right of reply at the close of any discussion on the motion or any amendment of the Chair.

When a motion is under discussion or immediately prior to discussion it shall be open to a Governor to move:

- An amendment to the motion
- The adjournment of the discussion or the meeting (*)
- That the meeting proceed to the next business
- The appointment of an ad hoc committee to deal with a specific item of business
- That the motion be now put(*)
- A motion under section 1 of the Public Bodies (Admissions to Meetings) Act 1960 resolving to exclude the public (including the press)

* in the case of sub-paragraphs denoted by (*) above to ensure objectivity, motions may only be put by a Governor who has not previously taken part in the debate.

No amendment to the motion shall be admitted if, in the opinion of the Chair of the meeting, the amendment negates the substance of the motion.

4.8 Chair's Ruling

Statements of Governors made at meetings of the Trust shall be relevant to the matter under discussion at the material time and the decision of the Chair of the meeting on questions of order, relevance, regularity and any other matter shall be observed at the meeting.

4.9 Voting

Every question at a meeting shall be determined by a majority of the votes of the Governors present and voting on the question and, in the case of the number of votes for and against a motion being equal, the person presiding at or chairing the meeting shall have a casting vote.

All questions put to the vote shall, at the discretion of the Chair of the meeting, be determined by oral expression or by a show of hands. A paper ballot may also be used if a majority of the Governors present so request.

If at least one-third of the Governors present so request, the voting (other than by paper ballot) on any question may be recorded to show how each Governor present voted or abstained.

If a Governor so requests, his/her vote shall be recorded by name upon any vote (other than by paper ballot).

In no circumstances may an absent Governor vote by proxy. Absence is defined as being absent at the time of the vote.

4.10 Minutes

The minutes of the proceedings of a meeting shall be drawn up and submitted for agreement at the next ensuing meeting.

No discussion shall take place upon the minutes except upon their accuracy or where the Chair considers discussion appropriate. Any amendment to the minutes shall be agreed and recorded at the next meeting.

Minutes shall be circulated in accordance with the Governors wishes. Where providing a record of a public meeting the minutes shall be made available to the public as required by the Code of Practice on Openness in the NHS.

4.11 Record of Attendance

The names of the Governors present at the meeting shall be recorded in the minutes.

4.12 Quorum

At least one-third of Governors shall form a quorum for the Council of Governors.

If a Governor has been disqualified from participating in the discussion on any matter and/or from voting on any resolution by reason of the declaration of a conflict of interest (see standing order 7 and 9) he/she shall not count towards the quorum. If a quorum is then not available for the discussion and/or the passing of a resolution on any matter, that matter may not be discussed further or voted upon at that meeting. Such a position shall be recorded in the minutes of the meeting. The meeting must then proceed to the next business.

4.13 Frequency

The Council of Governors shall hold meetings at least four times a year in each calendar year.

The Council of Governors has adopted the Rules of Procedure for its meetings and the Annual Members Meeting which shall be regarded as part of these Standing Orders and can be found in the Constitution document.

4.14 Attendance at Council of Governor Meetings

The Council of Governors may invite the Chief Executive or any other member(s) of the Board of Directors, or a representative of the auditor or other advisers to attend a meeting of the Council of Governors.

Any Governor who is not able to be present in person may participate in a Council of Governors meeting by means of telephone conference or any other electronic means, which allows all persons participating in the meeting to hear each other. A Governor so

participating shall be deemed to be present in person at such meeting and shall be entitled to vote and counted in the quorum. Such a Council of Governors meeting shall be deemed to take place where the largest group of those participating is assembled or, if there is no such group, where the Chair is located.

4.15 Powers

The Council of Governors may not delegate any of its powers to a committee or sub-committee but it may appoint committees to assist the Council of Governors in carrying out its functions. The Council of Governors may appoint governors and may invite directors and other persons to serve on such committees. The Council of Governors may, through the Secretary, request that external advisors assist them or any committee they appoint in carrying out its duties.

4.16 Proposing Council of Governors Written Resolutions

The Secretary, the Chairman, or seven (7) governors (including at least two (2) elected governors and two (2) appointed governors) who give written notice to the Secretary specifying the business to be carried out may propose a Council of Governors written resolution.

The following may not be passed as a written resolution: the removal of a non-executive director or chairman; removal of the auditor; or approval of a significant transaction.

A Council of Governors' written resolution is proposed by giving written notice of the proposed resolution to each governor. Notice by post, delivery in person, fax or email shall constitute written notice.

Notice of a proposed Council of Governors written resolution must indicate:

- the proposed resolution;
- how to signify agreement to the resolution; and
- the date by which it is proposed that the Council of Governors should adopt it. A proposed written resolution shall lapse if not adopted by the 28th day from circulation.

References in this paragraph to eligible governors are to members of the Council of Governors who would have been entitled to vote on the matter had it been proposed at a meeting of the Council of Governors.

A decision may not be taken in accordance with this paragraph if the eligible governors would not have formed a quorum at such a meeting.

The resolution is deemed to have been passed when the required majority (simple majority, or 75% if a special resolution) as appropriate of eligible governor's have signified their agreement to it.

Where decisions of the Council of Governors are taken by means other than at a face-to-face meeting or by written resolution, such decisions shall be recorded by the Secretary in permanent written form.

4.17 Disclosure of interests

Members of the Council of Governor's shall disclose to the Council of Governor's any material interests as defined below held by a Governor, (or their spouse, co-habiting partner, close family member or close friend) and shall withdraw from the meeting and play no part in the relevant discussion or decision and shall not vote on the issue (and if inadvertently they do remain and vote, their vote shall not be counted).

Any governor who fails to disclose any interest required to be disclosed under the preceding paragraph must permanently vacate their office if required to do so by a majority of the remaining governors.

Subject to the exceptions below, a material interest in a matter is where a governor:

- holds any directorship, including non-executive directorship, (with the exception of those of dormant companies) of a company;
- holds any interest or position in any firm or company or business;
- has any interest in an organisation providing health and social care services to the National Health Service; or
- holds any position of authority in a charity or voluntary organisation in the field of health and social care;

and such organisation is, in connection with the matter, trading with the Trust or entering into a financial arrangement with the Trust, or is likely is to be considered as a potential contractor to the Trust.

The exceptions which shall not be treated as material interests are as follows:

- shares held in any company where the value of those securities does not exceed £25,000 or the number of shares held does not exceed 5% of the total number of issued shares in a company whose shares are listed on any public exchange;
- an employment contract with the Trust held by a Staff Governor;
- an employment contract with a local authority held by a Local Authority Governor;
- an employment contract with a partnership organisation held by a Appointed Governor;

- any travelling or other expenses or allowances payable to a Governor.

4.18 Declaration

An elected governor may not vote at a meeting of the Council of Governors unless, before attending the meeting, they have made a declaration in the form specified by the Secretary of the particulars of their qualification to vote as a member of the Trust and that they are not prevented from being a member of the Council of Governors. An elected governor shall be deemed to have confirmed the declaration upon attending any subsequent meeting of the Council of Governors, and every agenda for meetings of the Council of Governors will draw this to the attention of elected governors.

5. Arrangements for the exercise of functions by delegation

Subject to a provision in the authorisation or the Constitution, the Board of Directors may make arrangements for the exercise, on its behalf of any of its functions

- by a committee;
- appointed by virtue of SO 5.3 below; or
- by a director or an Executive Director

In each case subject to such restrictions and conditions as the Board of Directors thinks fit.

5.1 Emergency Powers

The powers which the Board of Directors has retained to itself within these Standing Orders may in emergency be exercised jointly by the Chair and Chief Executive after having consulted at least two Non-Executive Directors. The exercise of such powers by the Chair shall be reported to the next formal meeting of the Board of Directors for ratification.

5.2 Delegation to Committees

The Board of Directors shall agree, as and when it deems appropriate, to the delegation of executive powers to be exercised by committees, which it has formally constituted. The Constitution and terms of reference of these committees, or sub-committees, and their specific executive powers shall be approved by the Board of Directors.

5.3 Delegation to Officers

Those functions of the Trust which have not been retained as reserved by the Board of Directors or delegated to an executive committee shall be exercised on its behalf by the Chief Executive. The Chief Executive shall determine which functions shall be delegated to officers to undertake.

The Chief Executive shall prepare a Scheme of Delegation (which is set out in the Standing Financial Instructions) identifying proposals which shall be considered and approved by the Board of Directors, subject to any amendment agreed during the discussion. The Chief Executive may periodically propose amendment to the Scheme of Delegation, which shall be considered and approved by the Board of Directors as indicated above.

Nothing in the Scheme of Delegation shall impair the discharge of the direct accountability to the Board of Directors or the Director of Finance or other executive director. Outside these statutory requirements the roles of the Director of Finance shall be accountable to the Chief Executive for operational matters.

The arrangements made by the Board of Directors as set out in the Scheme of Delegation shall have effect as if incorporated in these Standing Orders.

5.4 Overriding Standing Orders

If for any reason these Standing Orders are not complied with, full details of the non-compliance and any justification for non-compliance and the circumstances around the non-compliance, shall be reported to the next formal meeting of the Board of Directors for action or ratification. All members of the Board of Directors, Council of Governors and staff have a duty to disclose any non-compliance with these Standing Orders to the Chief Executive as soon as possible.

6. Committees

6.1 Appointment of Internal Committees

The Board of Directors may appoint committees of the Trust, consisting wholly or partly of the Chair and directors of the Trust or wholly of persons who are not directors of the Trust.

A committee or joint committee appointed under this regulation may, subject to such directions as may be given by the Independent Regulator of the Trust, and in accordance with the Constitution, appoint sub-committees consisting wholly or partly of directors of the committee or joint committee (whether or not they are directors of the Trust); or wholly of persons who are not directors of the Trust or the committee of the Trust.

The Scheme of Delegation does not discharge accountability to Non-Executive Directors to provide information and advise the Board of Directors in accordance with any statutory requirements.

The Standing Orders of the Trust, as far as they are applicable, shall apply with appropriate alteration to meetings of any committees established by the Trust. In which case the term “Chair” is to be read as a reference to the Chair of the committee as the context permits, and the term “director” is to be read as a reference to a member of the committee also as the context permits. (There is no requirement to hold meetings of committees established by the Trust in public.)

Each such committee shall have such terms of reference and powers and be subject to such conditions (as to reporting back to the Board of Directors), as the Board of Directors shall decide and shall be in accordance with any legislation and regulation. Such terms of reference shall have effect as if incorporated into the Standing Orders.

Where Trust committees are authorised to establish sub-committees they may not delegate executive powers to the sub-committee unless expressly authorised by the Board of Directors.

The Board of Directors shall approve the appointments to each of the Trust committees, which it has formally constituted. Where the Board of Directors determines, and regulations permit, that persons, who are neither directors nor officers, shall be appointed to a committee the terms of such appointment shall be within the powers of the Board of Directors as defined by the authorisation and Constitution.

The committees established by the Trust are:

- Audit and Risk Committee
- Board Appointments and Remuneration and Terms of Service Committee
- Finance, Performance and Digital Committee
- People Committee
- Quality and Safety Committee
- Airedale NHS Trust Charitable Funds Committee

The committee established by the Council of Governors is the Appointments and Remuneration Committee. Travelling and other allowances for Non-Executive Directors shall be determined by the Appointments and Remuneration Committee of the Council of Governors, and for Governors the Board Appointments, Remuneration and Terms of Service Committee.

6.2 West Yorkshire Association of Acute Trusts ('WYAAT')

Membership of the WYAAT Committee in Common is defined in its Terms of Reference as agreed by all the Parties. The Board, along with the other WYAAT members, has agreed not

to delegate any of its statutory functions to the Committee in Common. The scope of the Committee in Common includes responsibility for leading the development of the WYAAT Collaborative Programme and the work streams in accordance with the defined key principles, including setting the overall strategic direction to deliver the Programme.

Such other committees may be established, as required, to discharge the Board's responsibilities.

6.3 Confidentiality

A member of a committee shall not disclose a matter dealt with by, or brought before, the committee without its permission until the committee shall have reported to the Board of Directors or shall otherwise have concluded on that matter.

A Director of the Trust or a member of a committee shall not disclose any matter reported to the Board of Directors or otherwise dealt with by the committee, notwithstanding that the matter has been reported or action has been concluded, if that Board or committee shall resolve that it is confidential.

The WYAAT Committee in Common has a separate confidentiality agreement and information sharing protocol.

7. Declarations and Register of Interests

Pursuant to Section 20 of the Schedule 7 of the National Health Service Act 2006, a register of Director's interests must be kept by each NHS Foundation Trust.

All existing Directors (including for the purposes of the standing order, Non-Executive Directors) should declare relevant and material interests to the NHS Board of which they are a member (including the WYAAT Committee in Common). Any Directors appointed subsequently should do so on appointment. It is a condition of employment that those holding director or director-equivalent posts provide confirmation in writing, on appointment and thereafter on demand, of their fitness to hold such posts. Fitness to hold such a post is determined in a number of ways, including (but not exclusively) by the Trust's Provider Licence, the Health & Social Care Act 2012 (Regulated Activities) Regulation, and the Trust's Constitution.

Interests may be financial or non-financial (ie political or belief-based). Interests which should be regarded as 'relevant and material' and which, for the avoidance of doubt, should be included in the register are:

- (a) Any directorship of a company;
- (b) Any interest (excluding a holding of shares in a company whose shares are listed on any public exchange where the holding does not exceed 5% of the total issued share capital, or the value of such shareholding does not exceed £25,000) or position in any firm or company or business, which, in connection with the matter, is trading with the Trust, or is likely to be considered as a potential trading partner with the Trust;
- (c) Any interest in an organisation providing health and social care services to the National Health Service; or
- (d) Position of authority in a charity or voluntary organisation in the field of health and social care;
- (e) Any affiliation to a special interest group campaigning on health or social care issues.

- (f) To the extent not covered above, any connection with an organisation, entity or company considering entering in to or having entered in to financial arrangement with the NHS Foundation Trust, including but not limited to, lenders or banks.

Reference should also be made to the NHS Improvement *NHS Foundation Trust Code of Governance* and the Trust's Constitution in determining whether other circumstances or relationships are likely to affect, or could appear to affect, the director's judgement.

At the time the interests are declared they should be recorded in the Board of Director's minutes. Any changes in interests should be officially declared at the next Board meeting. It is the obligation of the Director to inform the Company Secretary in writing within seven days of becoming aware of the existence of a relevant or material interest. It is also the responsibility of the Board member to record their interest(s) through the electronic system for making declarations.

A register of directors' interests will be maintained and held by the Company Secretary and presented annually to the Board of Directors. This will be formally recorded in the minutes. Any changes in interests should be officially declared to the Company Secretary where an appropriate amendment will be made.

During the course of a Board of Directors meeting, if a conflict of interest is established, the director concerned should withdraw from the meeting and play no part in the relevant discussion or decision. For the avoidance of doubt, this includes voting on such an issue where a conflict is established. If there is a dispute as to whether a conflict of interest does exist, a majority vote will resolve the issue with the Chair having the casting vote. The WYAAT Committee in Common has a defined process for managing conflicts of interest both individual and organisational. The Trust's members of the WYAAT Committee in Common will adhere to declaring any interests in accordance with, and described in, the Conflicts of Interests section of the Memorandum of Understanding.

There is no requirement in the Code of Accountability for the interests of directors' spouses or partners to be declared; however, in accordance with the Nolan Principles of integrity, accountability and openness, good practice suggests that such declarations are strongly advisable (as are declaring the interests of other immediate family members and co-business partners). Standing Order 8, which is based on these regulations requires that the interests (or director's spouses, if living together) in contracts should be declared. Therefore the interests of Board director's spouses and cohabiting partners should also be regarded as relevant.

If directors have any doubt about the relevance or materiality of an interest, this should be discussed with the Chair or Company Secretary. Financial Reporting Standard No 8 (issued by the Accounting Standards Board) specifies that influence rather than the immediacy of the relationship is more important in assessing the relevance of an interest. The interests of partners in professional partnerships including general medical practitioners should also be considered.

Subject to contrary regulations being passed, the Registers will be available for inspection by the public free of charge. Copies or extracts of the Registers must be provided to Members of the NHS Foundation Trust free of charge and within a reasonable time period of the request. A reasonable charge may be imposed on non-Members for copies or extracts of the register.

The Trust has in place Conduct Standards Guidance based on the Department of Health '*Standards of Business Conduct for NHS Staff HSG (93)5*'. This document provides guidance to help ensure staff do not:

- Risk there being a conflict between private interests and NHS duties; and
- Accept an inappropriate gift, reward or inducement.

8. Compliance with the Fit and Proper Persons Regulations

The Health and Social Care Act 2008 (Regulated Activities) Regulations 2014 requires all Trusts to ensure that all Executive and Non-Executive Director posts (or anyone performing similar or equivalent functions) are filled by people that meet the requirements of the Fit and Proper Persons Regulations ('FPPR'). The definition of directors includes those in permanent, interim or associate roles, irrespective of their voting rights at Board meetings.

The regulations stipulate that Trusts must not appoint or have in place an Executive Director or a Non-Executive Director unless they meet the standards set out in the Regulations. The guidance issued by the CQC in January 2018 places ultimate responsibility on the Chair to discharge the requirements of the FPPR. The Chair must assure themselves that new applicants and existing post holders meet the fitness checks and do not meet any of the unfit criteria. Responsibility also falls on the Chair to decide whether an investigation is necessary and, at the end of the investigation, to consider whether the director in questions remains fit and proper. The Chair will be notified by the CQC of any non-compliance with the FPPR, and holds responsibility for making any decisions regarding action that needs to be taken.

9. Exclusion of Chair and Directors in procedures on account of pecuniary interest

For the sake of clarity, the following definition of terms is to be used in interpreting this Standing Order, "spouse" shall include any person who lives with another person in the same household (and any pecuniary interest of one spouse shall, if known to the other spouse, be deemed to be an interest of that other spouse);

Subject to the following provisions of this Standing Order, if the Chair or a director of the Trust has any pecuniary interest, direct or indirect, in any contract, proposed contract or other matter and is present at a meeting of the Trust at which the contract or other matter is the subject of consideration, he shall at the meeting and as soon as practicable after its commencement disclose the fact and shall not take part in the consideration or discussion of the contract or other matter or vote on any question with respect to it.

The Board of Directors may exclude the Chair or a director of the Board from a meeting of the Board while any contract, proposed contract or other matter in which he has a pecuniary interest, is under consideration.

Any remuneration, compensation or allowances payable to the Chair or a Non-Executive Director in accordance with the Constitution shall not be treated as a pecuniary interest for the purpose of this Standing Order.

For the purpose of this Standing Order the Chair or a director shall be treated, subject to SO 7 as having indirectly a pecuniary interest in a contract, proposed contract or other matter, if:

- (a) he, or a nominee of his, is a director of a company or other body, not being a public body, with which the contract was made or is proposed to be made or which has a direct pecuniary interest in the other matter under consideration; or

- (b) he is a partner of, or is in the employment of a person with whom the contract was made or is proposed to be made or who has a direct pecuniary interest in the other matter under consideration;

and in the case of married persons living together the interest of one spouse shall, if known to the other, be deemed for the purposes of this Standing Order to be also an interest of the other.

The Chair or a director shall not be treated as having a pecuniary interest in any proposed contract or other matter by reason only:

- (a) of membership of a company or other body, if there is no beneficial interest in any securities of that company or other body;
- (b) of an interest in any company, body or person with which he is connected as mentioned in SO 7 above which is so remote or insignificant that it cannot reasonably be regarded as likely to influence a director in the consideration or discussion of or in voting on, any question with respect to that contract or matter.

Where the Chair or a director:

- (a) has an indirect pecuniary interest in a contract, proposed contract or other matter by reason only of a beneficial interest in securities of a company or other body; and
- (b) the total nominal value of those securities does not exceed £25,000 or one percent of the total issued share capital of the company or body, whichever is the less; and
- (c) if the share capital is of more than one class, the total nominal value of shares of any one class in which he/she has a beneficial interest does not exceed one-percent of the total issued share capital of that class;

This Standing Order shall not prohibit him/her from taking part in the consideration or discussion of the contract or other matter or from voting on any question with respect to it without prejudice however to his/her duty to disclose his/her interest.

This Standing Order applies to a committee or sub-committee as it applies to the Board of Directors and applies to any member of any such committee or sub-committee (whether or not he/she is also a director of the Trust) as it applies to a director.

10. Standards of Business Conduct

10.1 Policy

Staff must comply with the national guidance contained in HSG(93)5 "Standards of Business Conduct for NHS staff" and contained in the Trust policy Standards of Business Conduct. Reference must be made to the Standards of Business Conduct policy for further guidance. HSG (93)5 provides guidance to all NHS employers and staff on maintaining strict ethical standards in the conduct of any NHS business.

10.2 Interests of Officers in Contracts*

If it comes to the knowledge of a Director or an Officer of the Trust that a contract in which he/she has a pecuniary interest not being a contract to which he/she is himself/herself a party, has been, or is proposed to be, entered into by the Trust he/she shall, at once, give notice in writing to the Chief Executive of the fact that he/she is interested therein. In the case of persons living together as partners, the interest one partner shall, if known to the other, be deemed to be also the interest of that partner.

An officer must also declare to the Chief Executive any other employment or business or other relationship of his/hers, or a cohabiting spouse, that conflicts, or might reasonably be predicted could conflict with the interest of the Trust. The Trust requires interests, employment or relationships so declared by staff to be entered in a register of interests of staff.

Failure to declare any interest which may conflict with, or compromise, any employee's Trust duties and obligations in respect of the award, operation or administration of a Trust/NHS contract may result in a potential breach of the Bribery Act 2010 and necessitate further investigation by the Trust's counter fraud specialist.

*For the avoidance of doubt, this section relates to any employee who is involved in any procurement capacity on behalf of the Trust (not just tendered contracts).

10.3 Canvassing of, and Recommendations by, Directors in Relation to Appointments

Canvassing of Directors of the Trust, or members of any Committee of the Trust directly or indirectly for any appointment under the Trust, shall disqualify the candidate for such appointment. The contents of this paragraph of the Standing Order shall be included in application forms or otherwise brought to the attention of candidates.

A Director shall not solicit for any person any appointment under the Trust or recommend any person for such appointment, but this paragraph of this Standing order shall not preclude a Director from giving written testimonial of a candidate's ability, experience or character for submission to the Trust.

Informal discussions outside appointment panels or committees, whether solicited or unsolicited, should be declared to the panel or committee.

10.4 Relatives of Directors or Officers

Candidates for any staff appointment shall, when making application, disclose in writing whether they are related to any Director or the holder of any office under the Trust. Failure to disclose such a relationship shall disqualify a candidate and, if appointed render him/her liable to instant dismissal.

The Directors and every officer of the Trust shall disclose to the Chief Executive any relationship with a candidate of whose candidature that Director or officer is aware. It shall be the duty of the Chief Executive to report to the Trust any such disclosure made.

Any alleged false representation contained on any application to the Trust, or failure to disclose any information when required to do so, may also result in investigation by the Trust's counter fraud specialist and/or NHS Protect and possible prosecution under the Fraud Act 2006.

On appointment, a Director (and prior to acceptance of an appointment in the case of Executive Directors) should disclose to the Trust whether they are related to any other Director or holder of any office under the Trust.

Where the relationship of an officer or another Director to a Director is disclosed, the Standing Order headed 'Disability of Directors in proceedings on account of pecuniary interest' shall apply.

11. Custody of Seal and Sealing of Documents

11.1 Custody of Seal

The Common Seal of the Trust shall be kept by the Chief Executive, or officer appointed by them, in a secure place.

The affixing of the Seal shall be attested and signed by two Executive Directors or one director and the Company Secretary.

Before any building, engineering, property or capital document is sealed, it must be approved and signed by the Director of Finance (or an officer nominated by them) and authorised and countersigned by the Chief Executive (or an officer nominated by them who shall not be within the originating directorate).

11.3 Register of Sealing

An entry of every sealing shall be made and numbered consecutively in a book provided for that purpose, and shall be signed by the persons who shall have approved and authorised the document and those who attested the seal. A report of all sealing shall be made to the Audit Committee at least quarterly. (The report shall contain details of the seal number, the description of the document and date of sealing). The book will be held by the Chief Executive or nominated officer.

12. Signature of documents

Where the signature of any document will be a necessary step in legal proceedings involving the Trust, it shall be signed by the Chief Executive, unless any enactment otherwise requires or authorises, or the Board of Directors shall have given the necessary authority to some other person for the purpose of such proceedings. For the purpose of defence documents in legal proceedings, the Company Secretary or their absence, any Executive Director, shall be authorised to sign the necessary documentation on behalf of the Trust.

The Chief Executive or nominated officers shall be authorised, by resolution of the Board of Directors, to sign on behalf of the Trust any agreement or other document (not required to be executed as a deed) the subject matter of which has been approved by the Board of Directors or committee or sub-committee to which that Board has delegated appropriate authority.

20. TENDERING AND CONTRACTING PROCEDURE

The Trust's wholly owned subsidiary, AGH Solutions Limited ('AGHS') is contracted to undertake tendering and contracting work on behalf of the Trust. The directors of AGHS are bound to act in accordance with the Trust's SO's as stated in the Articles of Association of AGHS. For the avoidance of doubt the procedures set out in this clause are replicated in the SO's applicable to AGHS.

20.1 Duty to comply with Standing Orders and Standing Financial Instructions

The DoH requires NHS bodies to comply with the requirements of the Bribery Act 2010, insofar as they must ensure that they have adopted 'adequate procedures' to prevent bribery. Failure to do so may, in the event of a prosecution against a Trust employee for a bribery offence, result in the Trust also being liable for prosecution of a corporate offence under section 7 of the Act. 'Adequate procedures' extends to ensuring that sufficient and appropriate due diligence has been undertaken in respect of every potential and actual Trust supplier, regardless of how their services have been procured. Further advice and guidance may be obtained from the Trust counter fraud specialist.

The procedure for making all contracts by or on behalf of the Trust shall comply with these Standing Orders and Standing Financial Instructions (except where Standing Order No. 3.17 Suspension of Standing Orders is applied).

20.2 EU Directives Governing Public Procurement

Directives by the Council of the European Union promulgated by the Department of Health (DH) prescribing procedures for awarding all forms of contracts shall have effect as if incorporated in these Standing Orders and Standing Financial Instructions.

20.3 Capital Investment Manual and other Department of Health Guidance

The Trust shall comply as far as is practicable with the requirements of the Department of Health "Capital Investment Manual" and "Estatecode" in respect of capital investment and estate and property transactions. In the case of management consultancy contracts the Trust shall comply as far as is practicable with Department of Health guidance "The Procurement and Management of Consultants within the NHS".

20.4 Formal Competitive Tendering

20.4.1 General Applicability

The Trust shall ensure that competitive tenders are invited for:

- the supply of goods, materials and manufactured articles;
- the rendering of services including all forms of management consultancy services (other than specialised services sought from or provided by the DH);
- for the design, construction and maintenance of building and engineering works (including construction and maintenance of grounds and gardens); for disposals.

20.4.2 Health Care Services

Where the Trust elects to invite tenders for the supply of healthcare services these Standing Orders and Standing Financial Instructions shall apply as far as they are applicable to the tendering procedure and need to be read in conjunction with Standing Financial Instruction No.21

20.4.3 Exceptions and instances where formal tendering need not be applied

Formal tendering procedures **need not be applied** where:

- (a) the estimated expenditure or income does not, or is not reasonably expected to exceed £30k excluding VAT for each tender either for the full contract period or within the financial year;
- (b) where the supply is proposed under special arrangements negotiated by the DoH in which event the said special arrangements must be complied with;
- (c) regarding disposals as set out in Standing Financial Instructions No. 26;
- (d) where national/regional public sector contracts or contract frameworks are in place;

- (e) where a consortium arrangement is in place and a lead organisation has been appointed to carry out tendering activity on behalf of the consortium members;
- (f) where the requirement is covered by an existing contract;

Formal tendering procedures **may be waived** in the following circumstances:

- (g) in very exceptional circumstances where the Chief Executive decides that formal tendering procedures would not be practicable or the estimated expenditure or income would not warrant formal tendering procedures, and the circumstances are detailed in an appropriate Trust record;
- (h) where the timescale genuinely precludes competitive tendering but failure to plan the work properly would not be regarded as a justification for a single tender;
- (i) where specialist expertise is required and is available from only one source;
- (j) when the task is essential to complete the project, and arises as a consequence of a recently completed assignment and engaging different consultants for the new task would be inappropriate;
- (k) there is a clear benefit to be gained from maintaining continuity with an earlier project. However in such cases the benefits of such continuity must outweigh any potential financial advantage to be gained by competitive tendering;
- (l) for the provision of legal advice and services providing that any legal firm or partnership commissioned by the Trust is regulated by the Law Society for England and Wales for the conduct of their business (or by the Bar Council for England and Wales in relation to the obtaining of Counsel's opinion) and are generally recognised as having sufficient expertise in the area of work for which they are commissioned.

The Director of Finance will ensure that any fees paid are reasonable and within commonly accepted rates for the costing of such work.

- (m) where allowed and provided for in the Capital Investment Manual;

The waiving of competitive tendering procedures should not be used to avoid competition or for administrative convenience or to award further work to a consultant originally appointed through a competitive procedure;

Where it is decided that competitive tendering is not applicable and should be waived, the fact of the waiver and the reasons should be documented and recorded in an appropriate Trust record and reported to the Audit Committee at each meeting.

- (n) Contracts awarded by the Nominated Officer in conjunction with points (d), (e) and are not required subject to authorisation in accordance with 20.7, as contracts awarded in these circumstances have been left through nationally negotiated contracts which have demonstrated best value and have been let through open competition in accordance with national procurement legislation. The Nominated Officer is not required to document and report this to the Board of Directors.

20.4.4 Fair and Adequate Competition/Single Tender

Where the exceptions set out in SFI No. 20.4.3 apply, the Trust shall endeavour to invite tenders from a number of firms/individuals to provide fair and adequate competition as appropriate, from at least three firms/individuals, having regard to their capacity to supply the goods or materials or to undertake the services or works required unless the goods required are from a sole manufacturer, or monopoly supplier then single tender is permitted subject to 20.4.3 (i) (k).

20.4.5 List of Approved Firms

The Trust shall ensure that the firms/individuals invited to tender are technically competent to undertake to fulfil the supply of goods and services. Contracts should only be awarded to firms/individuals who are financially and technically competent. For building and engineering contract works a specialist approval list should be held and maintained as per 21.5.9.

20.4.6 Building and Engineering Construction Works

Competitive Tendering cannot be waived for building and engineering construction works and maintenance (other than in accordance with the Capital Investment Manual) without Department of Health approval.

20.4.7 Items which subsequently breach thresholds after original approval

Items estimated to be below the limits set in this Standing Financial Instruction for which formal tendering procedures are not used which subsequently prove to have a value above such limits shall be reported to the Chief Executive, and be recorded on the Trust's tender summary report.

20.5 Contracting/Tendering Procedure

20.5.1 Invitation to tender

- (a) All invitations to tender shall state the date and time as being the latest time for the receipt of tenders.
- (b) In the case of a paper based tender return all invitations to tender shall state that no paper based tender will be accepted unless:
 - (i) submitted in a plain sealed package or envelope bearing a pre-printed label supplied by the Trust (or the word "tender" followed by the subject to which it relates) and the latest date and time for the receipt of such tender addressed to the Chief Executive;
 - (ii) that tender envelopes / packages shall not bear any names or marks indicating the sender. The use of courier / postal services must not identify the sender on the envelope or on any receipt so required by the deliverer;
 - (iii) every tender for goods, materials, services or disposals shall embody such of the NHS Standard Contract Conditions as are applicable; and
 - (iv) every tender for building or engineering works (except for maintenance work, when Estmancode guidance shall be followed) shall embody or be in the terms of the current edition of one of the Joint Contracts Tribunal Standard Forms of Building Contract or in accordance with Procure 21+ amended to comply with concode; or, when the content of the work is primarily engineering, the General Conditions of Contract recommended by the Institution of Mechanical and Electrical Engineers and the Association of Consulting Engineers (Form A), or (in the case of civil engineering work) the General Conditions of Contract recommended by

the Institute of Civil Engineers, the Association of Consulting Engineers and the Federation of Civil Engineering Contractors.

These documents shall be modified and/or amplified to accord with Department of Health guidance and, in minor respects, to cover special features of individual projects.

20.5.2 **Receipt and safe custody of tenders**

- (i) Chief Executive or their nominated representative will be responsible for the receipt, endorsement and safe custody of paper based tenders received until the time appointed for their opening.

The date and time of receipt of each tender shall be endorsed on the tender envelope/package. All envelopes/packages must be kept within the destruction period (i.e. one year).

- (ii) The Electronic Return of Tenders

Tenders may be sought and returned electronically via an external service system approved by the Chief Executive/Director of Finance, provided that:

- Such systems will be configured so that responses are secure and visible to the delegated staff only, upon the expiry of the published response deadline only.
- The electronic system will not detract in any way from the provisions of this document in any other way.

Tender responses will be accessed electronically by approved/delegated staff, whereupon all offers will be printed and recorded in the same way as hard copy tenders.

20.5.3 **Opening tenders and Register of tenders (Paper Based Responses)**

- (i) As soon as practicable after the date and time stated as being the latest time for the receipt of tenders, they shall be opened by two approved officers.
- (ii) A member of the Board of Directors will be required to be one of the two approved persons present for the opening of tenders estimated above £30k (exc VAT). The rules relating to the opening of tenders will need to be read in conjunction with any delegated authority set out in the Trust's Scheme of Delegation.
- (iii) The involvement of Finance Directorate staff in the preparation of a tender proposal will not preclude the Director of Finance or any approved Senior Manager from the Finance Directorate from serving as one of the two senior managers to open tenders.
- (iv) All Executive Directors will be authorised to open tenders regardless of whether they are from the originating department provided that the other authorised person opening the tenders with them is not from the originating department for paper based tenders.

The Trust's Company Secretary will count as a Director for the purposes of opening tenders.

- (v) Every tender received shall be marked with the date of opening and initialled by those present at the opening on the pricing document.
- (vi) A register shall be maintained by the Chief Executive, or a person authorised by him, to show for each set of competitive tender invitations despatched:
 - the name of all firms individuals invited;

 - the nature and extent of due diligence undertaken
 - the date the tenders were opened;
 - the persons present at the opening;
 - the price shown on each tender;
 - a note where price alterations have been made on the tender;
 - declaration of interests/gifts and hospitality for those involved in the opening/evaluation process, if required.

Each entry to this register shall be signed by those present. A note shall be made in the register if any one tender price has had so many alterations that it cannot be readily read or understood.

- (vii) Incomplete tenders, i.e. those from which information necessary for the adjudication of the tender is missing, and amended tenders i.e., those amended by the tenderer upon his own initiative either orally or in writing after the due time for receipt, but prior to the opening of other tenders, should be dealt with in the same way as late tenders.

20.5.4 Opening tenders and Register of tenders (Electronic Responses)

- (i) As soon as practicable after the release date of the tender, they shall be opened and printed by designated staff from the originating Department.
- (ii) The 'originating' Department will be taken to mean the Department sponsoring or commissioning the tender.
- (iii) Two senior supplies staff employed by AGH Solutions Limited (AGHS) will be required to be present for the releasing of the tenders estimated above £30k. In the case where the Assistant Director Commercial Services, AGHS or the Deputy Head of Procurement and Supplies, AGHS is the tender originator, a separate senior delegated officer will need to be present. The rules relating to the opening of tenders will need to be read in conjunction with any delegated authority set out in the Trust's scheme of delegation.
- (iv) A register shall be maintained by the Assistant Director, Commercial services, AGHS, or a person authorised by them, to show for each set of competitive tender invitations despatched:
 - the name of all firms individuals invited;
 - the names of firms individuals from which tenders have been received and for electronic tenders:
 - the date the tenders were opened;
 - the persons present at the opening;

A note shall be made in the register if any one tender submission has had so many re-submissions that it cannot be readily read or understood.

- (v) Incomplete tenders, i.e. those from which information necessary for the adjudication of the tender is missing, and amended tenders i.e., those amended by the tendered upon his own initiative either orally or in writing after the due time for receipt, but prior to the opening of other tenders, should be dealt with in the same way as late tenders.

20.5.5 Admissibility

- i) If for any reason the designated officers are of the opinion that the tenders received are not strictly competitive (for example, because their numbers are insufficient or any are amended, incomplete or qualified) no contract shall be awarded without the approval of the Chief Executive.
- (ii) Except in the circumstances of 20.4.4 where only one tender is sought and/or received, the Chief Executive and Director of Finance shall, as far practicable, ensure that the price to be paid is fair and reasonable and will ensure value for money for the Trust.

20.5.6 Late tenders

- (i) Tenders received after the due time and date, but prior to the opening of the other tenders, may be considered only if the Chief Executive or his/her nominated officer decides that there are exceptional circumstances i.e. despatched in good time but delayed through no fault of the tenderer.
- (ii) Only in the most exceptional circumstances will a tender be considered which is received after the opening of the other tenders and only then if the tenders that have been duly opened have not left the custody of the Chief Executive or his/her nominated officer or if the process of evaluation and adjudication has not started.
- (iii) While decisions as to the admissibility of late, incomplete or amended tenders are under consideration, the tender documents shall be kept strictly confidential, recorded, and held in safe custody by the Chief Executive or his/her nominated officer.

20.5.7 Acceptance of formal tenders

- (i) Any discussions with a tenderer which are deemed necessary to clarify the technical aspects of his tender before the award of a contract will not disqualify the tender.
- (ii) The lowest tender, if payment is to be made by the Foundation Trust, or the highest, if payment is to be received by the Trust, shall be accepted unless there are good and sufficient reasons to the contrary. Such reasons shall be set out in either the contract file, or other appropriate record.

It is accepted that for professional services such as management consultancy, the lowest price does not always represent the best value for money. Other factors affecting the success of a project include:

- (a) experience and qualifications of team members;
- (b) understanding of client's needs;
- (c) feasibility and credibility of proposed approach;

(d) ability to complete the project on time.

Where other factors are taken into account in selecting a tenderer, these must be clearly recorded and documented in the contract file, and the reason(s) for not accepting the lowest tender clearly stated.

- (iii) The Assistant Director, Commercial Services, AGHS and Managing Director, AGHS may enter into post tender negotiations on terms of costs provided that the reasons for, and the results of, such negotiations are maintained in a permanent record.
- (iv) No tender shall be accepted which will commit expenditure in excess of that which has been allocated by the Trust and which is not in accordance with these Instructions except with the authorisation of the Chief Executive.
- (v) The use of these procedures must demonstrate that the award of the contract was:
 - (a) not in excess of the going market rate / price current at the time the contract was awarded;
 - (b) that best value for money was achieved.
- (vi) All tenders should be treated as confidential and should be retained for inspection.

20.5.8 **Tender reports to the Board of Directors**

Reports to the Board of Directors will be made on an exceptional circumstance basis only. The Audit Committee at each meeting shall receive a report from AGHS summarising tenders received and awarded.

20.5.9 **List of approved firms**

(a) **Responsibility for maintaining the list**

An AGHS manager nominated by the Chief Executive shall on behalf of the Trust ensure that only approved contractors are used by the Trust. Such lists shall include all contractors whose technical and financial competence the Trust is satisfied who have undergone sufficient due diligence checks by the Trust and who themselves have demonstrated that they maintain adequate anti-bribery procedures, as is required of all commercial organisations by the Bribery Act 2010. All suppliers must be made aware of the Trust's terms and conditions of contract.

(b) **Building and Engineering Construction Works**

- (i) Invitations to tender shall be made only to firms included on the approved list of tenderers compiled in accordance with this Instruction or on the separate maintenance lists compiled in accordance with current DoH guidance.
- (ii) Firms included on the approved list of tenderers shall ensure that when engaging, training, promoting or dismissing employees or in any conditions of employment, shall not discriminate against any person because of colour, race, ethnic or national origins, religion or sex, and will comply with the provisions of the Equality Act 2010 (Regulations 2017) and the Disabled Persons (Employment) Act 1994, and any amending and/or related legislation.

- (iii) Firms shall conform at least with the requirements of the Health and Safety at Work Act and any amending and/or other related legislation concerned with the health, safety and welfare of workers and other persons, and to any relevant British Standard Code of Practice issued by the British Standard Institution. Firms must provide to the appropriate manager a copy of its safety policy and evidence of the safety of plant and equipment, when requested. Contractors must submit site specific risk assessments and method statements.

(c) **Financial Standing and Technical Competence of Contractors**

The Director of Finance may make or institute any enquiries they deem appropriate concerning the financial standing and financial suitability of approved contractors. The Director with lead responsibility for clinical governance will similarly make such enquiries as is felt appropriate to be satisfied as to their technical / medical competence.

(d) **Supplies/Procurement and Building and Engineering Construction Works**

The Assistant Director, Commercial Services, AGHS should seek to ensure that all firms who the Trust enters into a contract with are technically and financially competent to undertake to fulfil the supply of goods, services or Works, making use of national and regional public sector contractors and NHS Supply Chain Constructionline and Trust approved contractors.

(e) **Pharmacy**

The purchase or procurement of all medicines by the Trust is made through the pharmacy under the control of the Chief Pharmacist. The majority of medicines are licensed through the Medicine Control Agency, and, as such, are purchased directly from the licensed manufacturer or through their authorised wholesaler outlets.

Unlicensed produces, 'specials', and materials for clinical research are also procured by the pharmacy department, but with appropriate procedures in place to recognise the specific responsibilities of the Trust in relation to produce liability, and, in certain cases, the need for informed consent by patients before these products can be used.

The procurement of medicines is part of the overall medicines' management strategy, which also includes the use of patients' own medicines whilst in hospital, the preparation of patient specific medicines, and the overt links with policies for prescribing in the community the Trust serves.

20.6 Quotations: Competitive and non-competitive

20.6.1 General Position on quotations

Quotations are required where formal tendering procedures are not adopted and where the intended expenditure or income does not exceed, or is not reasonably expected to exceed £30k excluding VAT. The requirements of the Bribery Act 2010 (evidencing sufficient due diligence and confirmation of prospective suppliers anti-bribery arrangements) must still be complied with.

20.6.2 Competitive Quotations

- (i) Quotations should be obtained from at least (3) firms/individuals based on specifications or terms of reference prepared by, or on behalf of, the Trust.
- (ii) Quotations should be in writing unless the Chief Executive or his nominated officer determines that it is impractical to do so in which case quotations may be obtained by telephone. Confirmation of telephone quotations should

be obtained as soon as possible and the reasons why the telephone quotation was obtained should be set out in a permanent record.

- (iii) All quotations should be treated as confidential and should be retained for inspection.
- (iv) The Chief Executive or the nominated officer should evaluate the quotation and select the quote which gives the best value for money. If this is not the lowest quotation if payment is to be made by the Trust, or the highest if payment is to be received by the Trust, then the choice made and the reasons why should be recorded in a permanent record.

20.6.3 **Non-Competitive Quotations**

Non-competitive quotations in writing may be obtained in the following circumstances:

- (i) the supply of proprietary or other goods of a special character and the rendering of services of a special character, for which it is not, in the opinion of the responsible officer, possible or desirable to obtain competitive quotations;
- (ii) the supply of goods or manufactured articles of any kind which are required quickly and are not obtainable under existing contracts;
- (iii) miscellaneous services, supplies and disposals;
- (iv) where the goods or services are for building and engineering maintenance the responsible works manager must certify that the first two conditions of this SFI (i.e. (i) and (ii) of this SFI) apply.

20.6.4 **Quotations to be within Financial Limits**

No quotation shall be accepted which will commit expenditure in excess of that which has been allocated by the Trust and which is not in accordance with Standing Financial Instructions except with the authorisation of either the Chief Executive or Director of Finance.

20.7 **Authorisation of Tenders and Competitive Quotations**

Providing all the conditions and circumstances set out in these Standing Financial Instructions have been fully complied with, formal authorisation and awarding of a contract may be decided by the following staff to the value of the contract as follows:

Budget holder level 1	up to £5k
Budget holder level 2	up to £50k
Budget holder level 3	up to £250k

(if on contract, see section 2.5 of the scheme of delegation)

Director of Finance	up to £250k
Board of Directors	over £250k

These levels of authorisation may be varied or changed and need to be read in conjunction with the Board of Director's Scheme of Delegation, see section 2.6 of the scheme of delegation.

Formal authorisation must be put in writing. In the case of authorisation by the Board of Directors this shall be recorded in their minutes.

20.8 Instances where formal competitive tendering or competitive quotation is not required

Where competitive tendering or a competitive quotation is not required ie value under £30k (exc VAT) the Trust should adopt one of the following alternatives:

- (a) The Trust shall use the NHS Supply Chain or Constructionline for procurement of goods and services where appropriate, unless the Chief Executive or nominated officers deem it inappropriate. Where more appropriate use of the public purse can be obtained alternative sources of supply should be considered. The decision to use alternative sources must be documented.
- (b) The Trust shall use National and Regional Public Sector Contracts and for Estates contracts.
- (c) If the Trust does not use the options in (a) and (b) - where tenders or quotations are not required, because expenditure is below £30k, the Trust shall procure goods and services in accordance with procurement procedures as specified in the Standing Orders.

20.9 Private Finance for capital procurement

The Trust should normally market test for PFI and PPI (Private Finance Initiative funding) when considering a capital procurement. When the Board proposes, or is required, to use finance provided by the private sector the following should apply:

- (a) The Chief Executive shall demonstrate that the use of private finance represents value for money and genuinely transfers risk to the private sector.
- (b) Where the sum exceeds delegated limits, a business case must be referred to the appropriate Department of Health for approval or treated as per current guidelines.
- (c) The proposal must be specifically agreed by the Board of Directors.
- (d) The selection of a contractor/finance company must be on the basis of competitive tendering or quotations.

20.10 Compliance requirements for all contracts

The Board may only enter into contracts on behalf of the Trust within the statutory powers delegated to it by the Secretary of State and shall comply with:

- (a) The Trust's Standing Orders and Standing Financial Instructions;

- (d) Such of the NHS Standard Contract Conditions as are applicable.
- (e) Contracts with Trust's must be in a form compliant with appropriate NHS guidance.

- (f) Where appropriate contracts shall be in or embody the same terms and conditions of contract as was the basis on which tenders or quotations were invited.
- (g) In all contracts made by the Trust, the Board shall endeavour to obtain best value for money by use of all systems in place. The Chief Executive shall nominate an officer who shall oversee and manage each contract on behalf of the Trust.

20.11 Personnel and Agency or Temporary Staff Contracts

The Chief Executive shall nominate officers with delegated authority to enter into contracts of employment, regarding staff, agency staff or temporary staff service contracts.

20.12 Healthcare Service Contracts

Service contracts with NHS commissioners for the supply of healthcare services shall be drawn up in accordance with the National Health Service Act 2006.

The Chief Executive shall nominate officers with power to negotiate for the provision of healthcare services with commissioners of healthcare.

20.13 Disposals

Competitive tendering or quotation procedures shall not apply to the disposal of:

- (a) any matter in respect of which a fair price can be obtained only by negotiation or sale by auction as determined (or pre-determined in a reserve) by the Chief Executive or his nominated officer;
- (b) obsolete or condemned articles and stores, which may be disposed of in accordance with the supplies policy of the Trust;
- (c) items to be disposed of with an estimated sale value of less than £20k, this figure to be reviewed on a periodic basis;
- (d) items arising from works of construction, demolition or site clearance, which should be dealt with in accordance with the relevant contract;
- (e) land or buildings concerning which DH guidance has issued but subject to compliance with such guidance.

20.14 In-house Services

20.14.1 The Chief Executive shall be responsible for ensuring that best value for money can be demonstrated for all services provided on an in-house basis. The Trust may also determine from time to time that in-house services should be market tested by competitive tendering.

20.14.2 In all cases where the Board determines that in-house services should be subject to competitive tendering the following groups shall be set up:

- (a) Specification group, comprising the Chief Executive or nominated officer/s and specialist.

- (b) In-house tender group, comprising a nominee of the Chief Executive and technical support.
- (c) Evaluation team, comprising normally a specialist officer, Assistant Director, Commercial Services, AGHS and a Director of Finance representative. For services having a likely annual expenditure exceeding £100k, a non-officer member should be a member of the evaluation team.

20.14.3 All groups should work independently of each other and individual officers may be a member of more than one group but no member of the in-house tender group may participate in the evaluation of tenders.

20.14.4 The evaluation team shall make recommendations to the Board.

20.14.5 The Chief Executive shall nominate an officer to oversee and manage the contract on behalf of the Trust.

20.15 Applicability of SFIs on Tendering and Contracting to funds held in trust

These Instructions shall not only apply to expenditure from Exchequer funds but also to works, services and goods purchased from the Trust's trust funds and private resources.

The Director of Finance may make or institute any enquiries deemed appropriate concerning the financial standing and financial suitability of approved contractors. The Director with lead responsibility for clinical governance will similarly make such enquiries as is felt appropriate to be satisfied as to their technical/medical competence.

20.16 Cancellation of Contracts

Except where specific provision is made in model Forms of Contracts or Standing Schedules of Conditions approved for use within the National Health Service and in accordance with SO 11.2, there shall be inserted in every written contract a clause empowering the Trust to cancel the contract and to receive from the contractor the amount of any loss resulting from such cancellation if:

- (b) in the case of packages acquired either from a commercial organisation, from the NHS, or from another public sector organisation, the operational requirement.

27.3 Contracts for Computer Services with other health bodies or outside agencies

The Director of Finance shall ensure that contracts for computer services for financial applications with another health organisation or any other agency shall clearly define the responsibility of all parties for the security, privacy, accuracy, completeness, and timeliness of data during processing, transmission and storage. The contract should also ensure rights of access for audit purposes.

Where another health organisation or any other agency provides a computer service for financial applications, the Director of Finance shall periodically seek assurances that adequate controls are in operation.

27.4 Risk Assessment

The Director of Finance shall ensure that risks to the Foundation Trust arising from the use of IT are effectively identified and considered and appropriate action taken to mitigate or control risk. This shall include the preparation and testing of appropriate disaster recovery plans.

27.5 Requirements for Computer Systems which have an impact on corporate financial systems

Where computer systems have an impact on corporate financial systems the Director of Finance shall need to be satisfied that:

- (a) systems acquisition, development and maintenance are in line with corporate policies such as an Information Technology Strategy;
- (b) data produced for use with financial systems is adequate, accurate, complete and timely, and that a management (audit) trail exists;
- (c) Director of Finance staff have access to such data; and
- (d) such computer audit reviews as are considered necessary are being carried out.

28. PATIENTS' PROPERTY

28.1 The Trust has a responsibility to provide safe custody for money and other personal property (hereafter referred to as "property") handed in by patients, in the possession of unconscious or confused patients, or found in the possession of patients dying in hospital or dead on arrival.

28.2 The Chief Executive is responsible for ensuring that patients or their guardians, as appropriate, are informed before or at admission by:

- (a) by notices and information booklets; (***notices are subject to sensitivity guidance***)
- (b) by hospital admission documentation and property records;
- (c) by the oral advice of administrative and nursing staff responsible for admissions; and
- (d) that the Trust will not accept responsibility or liability for patients' property brought into Health Service premises, unless it is handed in for safe custody and a copy of an official patients' property record is obtained as a receipt.

28.3 The Director of Finance must provide detailed written instructions on the collection, custody, investment, recording, safekeeping, and disposal of patients' property (including instructions on the disposal of the property of deceased patients and of patients transferred to other premises) for all staff whose duty is to administer, in any way, the property of patients. Due care should be exercised in the management of a patient's money in order to maximise the benefits to the patient.

- 28.4** Where Department of Health instructions require the opening of separate accounts for patients' monies, these shall be opened and operated under arrangements agreed by the Director of Finance.
- 28.5** In all cases where property of a deceased patient is of a total value in excess of £5,000 (or such other amount as may be prescribed by any amendment to the Administration of Estates, Small Payments, Act 1965), the production of Probate or Letters of Administration shall be required before any of the property is released. Where the total value of property is £5,000 or less, forms of indemnity shall be obtained.
- 28.6** Staff should be informed, on appointment, by the appropriate departmental or senior manager of their responsibilities and duties for the administration of the property of patients.
- 28.7** Where patients' property or income is received for specific purposes and held for safekeeping the property or income shall be used only for that purpose, unless any variation is approved by the donor or patient in writing.

29. FUNDS HELD ON TRUST

29.1 Corporate Trustee

- (1) The Trust has responsibilities as a Corporate Trustee for the management of funds it holds on trust, and needs to comply with the Charities Commission latest guidance and best practice.
- (2) The discharge of the Trust's corporate trustee responsibilities are distinct from its responsibilities for exchequer funds and may not necessarily be discharged in the same manner, but there must still be adherence to the overriding general principles of financial regularity, prudence and propriety. Trustee responsibilities cover both charitable and non-charitable purposes.

The Director of Finance shall ensure that each Trust fund which the Trust is responsible for managing, is managed appropriately with regard to its purpose and to its requirements.

29.2 Accountability to Charity Commission and Secretary of State for Health

- (1) The Trustee's responsibilities must be discharged separately and full recognition given to the Trust's dual accountabilities to the Charity Commission for charitable funds held on trust and to the Secretary of State for all funds held on trust.
- (2) The Schedule of Matters Reserved to the Board and the Scheme of Delegation make clear where decisions regarding the exercise of discretion regarding the disposal and use of the funds are to be taken and by whom. All Board Directors and Trust officers must take account of that guidance before taking action.

29.3 Applicability of Standing Financial Instructions to funds held on Trust

- (1) In so far as it is possible to do so, most of the sections of these Standing Financial Instructions will apply to the management of funds held on Trust.
- (2) The over-riding principle is that the integrity of each Trust must be maintained and statutory and Trust obligations met. Materiality must be assessed separately from exchequer activities and funds.

30. ACCEPTANCE OF GIFTS BY STAFF AND LINK TO STANDARDS OF BUSINESS CONDUCT

The Director of Finance shall ensure that all staff are made aware of the Trust's policy on acceptance of gifts, hospitality and sponsorship and other benefits in kind by staff. This policy follows the guidance contained in the Department of Health circular HSG (93) 5 'Standards of Business Conduct for NHS Staff' and is also deemed to be an integral part of these Standing Orders and Standing Financial Instructions. The Code of Conduct for NHS Managers shall also apply.

A separate Code of Conduct policy applies to the Board of Directors.

31. RETENTION OF RECORDS

- 31.1** The Chief Executive shall be responsible for maintaining archives for all records required to be retained in accordance with Department of Health guidelines.
- 31.2** The records held in archives shall be capable of retrieval by authorised persons.
- 31.3** Records held in accordance with latest Department of Health guidance shall only be destroyed at the express instigation of the Chief Executive. Detail shall be maintained of records so destroyed.

32. RISK MANAGEMENT AND INSURANCE

32.1 Programme of Risk Management

The Chief Executive shall ensure that the Trust has a programme of risk management, in accordance with the terms of the licence issued by the Independent Regulator, which must be approved and monitored by the Board.

The programme of risk management shall include:

- a) a process for identifying and quantifying risks and potential liabilities;
- b) engendering among all levels of staff a positive attitude towards the control of risk;
- c) management processes to ensure all significant risks and potential liabilities are addressed including effective systems of internal control, cost effective insurance cover, and decisions on the acceptable level of retained risk;
- d) contingency plans to offset the impact of adverse events;
- e) audit arrangements including; Internal Audit, clinical audit, health and safety review;
- f) a clear indication of which risks shall be insured; and
- g) arrangements to review the risk management programme.

The existence, integration and evaluation of the above elements will assist in providing a basis to make the Annual Governance Statement within the Annual Report and Accounts as required by the Independent Regulator.

32.2 Insurance: Risk Pooling Schemes administered by NHSLA

The Board shall decide if the Trust will insure through the risk pooling schemes administered by the NHS Litigation Authority or self-insure for some or all of the risks covered by the risk pooling schemes. If the Board decides not to use the risk pooling schemes for any of the risk areas (clinical, property and employers/third party liability) covered by the scheme this decision shall be reviewed annually.

32.3 Insurance arrangements with commercial insurers

32.3.1 In exceptional circumstances it may be considered in the best interests of the Trust to engage commercial insurers. Examples when Trust's may enter into insurance arrangements with commercial insurers include:

- (1) Trust's may enter commercial arrangements for **insuring motor vehicles** owned by the Trust including insuring third party liability arising from their use;
- (2) The Trust may provide an **indemnity** to any member of the Council of Governors, the Board of Directors or the Secretary. The Trust may purchase and maintain insurance against this liability for its own benefit;
- (3) Where the Trust is involved with a consortium in a **Private Finance Initiative contract** and the other consortium members require that commercial insurance arrangements are entered into; and
- (4) Where **income generation activities** take place. Income generation activities should normally be insured against all risks using commercial insurance. If the income generation activity is also an activity normally carried out by the Trust for a NHS purpose the activity may be covered in the risk pool. Confirmation of coverage in the risk pool must be obtained from the Litigation Authority. In any case of doubt concerning a Trust's powers to enter into commercial insurance arrangements the Finance Director should consult the Independent Regulator.

32.4 Arrangements to be followed by the Board in agreeing insurance cover

- (1) Where the Board decides to use the risk pooling schemes administered by the NHS Litigation Authority, the Director of Finance shall ensure that the arrangements entered into are appropriate and complementary to the risk management programme. The Director of Finance shall ensure that documented procedures cover these arrangements.
- (2) Where the Board decides not to use the risk pooling schemes administered by the NHS Litigation Authority for one or other of the risks covered by the schemes, the Director of Finance shall ensure that the Board is informed of the nature and extent of the risks that are self-insured as a result of this decision. The Director of Finance will draw up formal documented procedures for the management of any claims arising from third parties and payments in respect of losses which will not be reimbursed.
- (3) All the risk pooling schemes require Scheme members to make some contribution to the settlement of claims (the 'deductible'). The Director of Finance should ensure documented procedures also cover the management of claims and payments below the deductible in each case.

32.5 Legal Proceedings

The Chief Executive shall ensure that the Trust has an effective systems process for the management of claims. The Chief Executive may delegate the signing of documents where this is a necessary step in legal proceedings involving the Trust, to any Executive Director or the Company Secretary

33. MENTAL HEALTH ACT 1983

In this section 'The Act' means the Mental Health Act 1983 as amended and 'The Code' means the Mental Health Act Code of Practice (DH 2008 ISBN 9780113228096). The term "Hospital Managers" means Airedale NHS Foundation Trust.

The purpose of this section is to clearly identify to whom the Hospital Managers delegate responsibilities under the Act in compliance with the MHA 1983 as amended. In England, NHS hospitals are managed by NHS Trusts, NHS Foundation Trusts and Clinical Commissioning Groups. For these hospitals, the Trusts themselves are defined as the Hospital Managers for the purposes of the Act [The Code 30.2].

The Hospital Managers have the authority to detain patients under the Act. They have the primary responsibility for ensuring that the requirements of the Act are followed. In particular, they must ensure that patients are detained only as the Act allows, that their treatment and care accord fully with its provisions and they are fully informed of, and supported in exercising their statutory rights.

In practice, most of the decisions of the Hospital Managers are actually taken by individuals (or groups of individuals) on their behalf [The Code 30.5]. In this scheme of delegation, unless otherwise stated, "Hospital Managers" **includes** anyone authorised to take decisions on their behalf [The Code 30.6].

33.1 Scope/Governance Arrangements

The Executive Medical Director has responsibility for issues pertaining to the Mental Health Act in the Trust. The operational delivery of the Act is the responsibility of the Chief Operating Officer.

In the acute Trust setting and in the majority of circumstances, use of the Act is limited to section 5(2). Infrequently, specialist mental health providers will enact section 2, section 3 or section 5(4) on Trust patients according to their schemes of delegation.

Training in use of the Act Section 30.10 of The Code states: *Organisations in charge of hospitals retain responsibility for the performance of all hospital managers' functions exercised on their behalf and must ensure that the people acting on their behalf are competent to do so. It is for the organisation concerned to decide what arrangements to put in place to monitor and review the way that functions under the Act are exercised on its behalf – but many organisations establish a Mental Health Act steering or scrutiny group especially for that task.* The Trust will monitor training provision in the MHA through the Executive Assurance Group.

33.2 Definitions

"Sections" are in the Mental Health Act 1983 as amended.

"Regulations" are in the Mental Health (Hospital, Guardianship and Consent to Treatment) Regulations 2008.

AMHP – Approved Mental Health Professional.

33.3 Duties / Responsibilities/Scheme of Delegation

The Scheme of Delegation which outlines duties and responsibilities in relation to the Mental Health Act including training requirements is shown in the Scheme of Delegation section 7.9.

33.4 Monitoring Compliance

The following table outlines how the Trust will monitor compliance with the contents of this document.

Element to be monitored	Lead	Tool	Frequency	Reporting arrangements
Patients subject to a section of the Mental Health Act* whilst an inpatient	Assistant Director Healthcare Governance	MHA Audit	On-going and real time monitoring of all uses of the Act	Annual report to Quality and Safety Committee and exceptions as required
Provision of information to patients (and their nearest relatives where appropriate)	Assistant Director Healthcare Governance	MHA Audit	On-going and real time monitoring of all uses of the Act	Annual report to the Quality and Safety Committee and exceptions as required

33.5 Receipt & Scrutiny of Statutory forms under the MHA 1983

The procedure for the reporting of all section 5(2) events is described in the *SOP for detaining a patient under Section 5(2) Mental Health Act* (SOP TW- 120). Completed forms are returned to the quality and safety team where they will be scrutinised by the Assistant Director Healthcare Governance for compliance with the Act.

*Monitoring systems will capture patients subject to sections 2 and 3 of the MHA using SystemOne data capture mechanisms.

33.6 Policy Review

A review of relevant and associated policies and procedures will be undertaken on a 3 yearly basis or sooner if necessary.

34. JOINT VENTURES (CONTRACTUAL AND CORPORATE) AND SUBSIDIARY COMPANIES

The Executive Directors shall be authorised to develop commercial opportunities which may (or may not) lead to the establishment of a joint venture, either contractual or

corporate or the formation of a subsidiary company. The Executive Directors shall keep the Board apprised of the subject matter via the Chief Executive (or nominated officer).

A joint venture, either contractual or corporate or a subsidiary company shall not be entered in to or incorporated unless authorised by the Board.

1. FUNDAMENTAL PRINCIPLES

1.1 General enabling provision

The Board may determine any matter (for which it has delegated or statutory authority) it wishes in full session within its statutory powers.

1.2 Redelegating of powers

For reasons of practicality, or to cover holidays or other periods of absence, directors and others named in the Scheme may wish to re-assign some or all of their delegated powers. In these circumstances, the following principles apply:

1. No financial or approval powers can be delegated to a subordinate officer in excess of the powers already invested in the delegating officer.
2. Powers may only be delegated to officers within the organisational control of the delegating officer.
3. All powers of delegation must be authorised by the delegating officer and provided in writing to the subordinate officer, and to the Chief Executive (or, in his absence, the Director of Finance) who retains the right to veto inappropriate re-delegations.
4. All short term powers of delegation, such as holiday cover, must be provided in writing as above prior to the period for which approval is sought
5. Powers are delegated on the condition that they cannot be further delegated. Where this is not the case the extent of the authority to delegate onwards must be included in the written authorisation described above.
